MEMORANDUM FOR: HTAUTOMAT

SUBJECT: Guidance on URPIC Materials [redacted]

1. To avoid misunderstanding, let me put in writing what I have reported to you orally.

2. I am informed by Mr. Bissell that both Mr. Dulles and General Cabell approved making available [redacted] URPIC materials on the Middle East. As far as the past missions are concerned, I see no need to send them anything at our initiative. If, however, we receive requirements [redacted] which can be met by materials from past missions, we will use those materials. In the future, URPIC reports [redacted] should be complete for all areas [redacted]. In other words, there should be no need, unless one is specifically stated, for providing materials readily available to them by their own means.

3. Requests for selected prints [redacted] which we may receive, based on their reading of our URPIC reports, we are at liberty to respond to promptly.
